Subject:- Minor Works.

It is desired to erect fences (1.60 m. high, I suggest) round the plots on either side of the front entrance to my office. The object of these two fences is to prevent animals and children from damaging young trees. The scheme has nothing to do with security.

2. It will also be necessary to erect a light gate into each of the plots, hinged on the building itself, (for economy).

Chief Secretary,
Jerusalem.Subject:- Minor Works - 1943/44Ref. No.:- Your Circular No. 45 (4/14/42) of 8.4.43.

I forward herewith particulars of essential Minor Works required in Samaria District during 1943/44, as requested in your circular under reference.

Department	Particulars of Works	Amount	Remarks (Necessity of for urgency and nature of works).
<u>District Administration</u>			
Nablus District Offices.	(a) New shelving	£ 34	Essential for office efficiency.
	(b) Office Fittings	" 8 £ 42	-Do-
Tulkarm District Offices.	(a) Construction of Door way between Chief Clerk's Office and Registry	£ 20	Necessary for promotion of office efficiency. Access between these two offices is at present obtainable only by way of the public passage and it is difficult for the Chief Clerk properly to supervise the work of the Registry Clerks.
	(b) Construction of Door between registry and licence issuing office	£ 20	As for (a) above.
	(c) Construction of parked wire fence round the plots in front of the office building	£ 80	Essential to prevent animals from trampling on the young trees.
	(d) Construction of counter in licence issuing office.	£ 20 £ 140	Necessary to prevent members of the public interfering with office records and licences.
Jenin District Offices. Construction of two public latrines outside Government building, Jenin. Deep pit latrines of military type.			Urgent necessity. Approved as a minor works requirement in 1942/43, but not carried out, as type of latrines suggested unsuitable.
			£ 150 £ 150

Total Cost of Requirements. " 332

-----Subject :- Minor Works 1943/44Ref'nce :- Your No. 1 of 1.6.43.

In case funds are available I recommend that approval be sought for the execution of the following minor works, in order of priority :-

	Estimated Cost.
	<u>LP</u>
(a) Construction of doorway between Chief Clerk's Office and Registry.	20.
(b) Construction of barbed wire fence round the plots in front of the office building to prevent animals from trampling on the young trees.	80.
(c) Construction of door between registry and licence issuing office.	20.
(d) Construction of counter in licence issuing office.	20.

2. The doorways (a) and (c) are necessary to promote office efficiency. Access between these offices is at present obtainable only by way of the public passage and it is difficult to the Chief Clerk properly to supervise the work of the Registry and licence clerks. The counter (d) is desirable to ensure that the public do not interfere with office records. (My TUL.92/12 of 17.6.43 refers).

3. It may be, however, that the necessary funds and materials could only be spared at the expense of other more indispensable requirements elsewhere, in which case I would not urge that any of the above works are vitally essential at the present time.

I really do not think that these works are really essential at present; but if money could be obtained then I recommend in order of priority:-

1. Construction of doorway between the Chief Clerk's room & the Registry Clerk.
2. Construction of a wire fence around the gardens
3. Construction of doorway between the Registry Clerk's room and the license issuing office.
